

What Type of Permits Are Required In Medina County?

1. 911 ADDRESSING:

Make sure that EMS and Sheriff's Department can find your residence in an emergency. Please call 911 addressing department at 830 741 8997.

2. WATER WELL:

If you are not going to be on public or community water, you will need a registered well. Please call the Medina County Ground Water Conservation District at 830 741 3162.

3. FLOODPLAIN:

If you are doing any type of development in the floodplain which means any man-made change to improved and unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations or storage of equipment or materials you need to have a permit. Please call the environmental Health Department at 830 741 6195.

4. SEPTIC:

All on- site sewage systems in Medina County must be permitted. They must be designed and installed by licensed individuals. Either you or the designer/installer can obtain an OSSF permit from the Environmental Health Department. Contact them at 830 741 6195.

5. DRIVEWAY and UTILITY:

Each Precinct Commissioner has a driveway and utility permit. Please contact the Commissioner for your precinct.
